Steady to weak would about describe the condition of the his market yesterday. Receipts were liberal, but the local packers took them all except one carload, which was soit to a speculator. The receipts for Monday, a good part of which came in late in the night, and were turned over to the packers yesterday morning, were 1.541. The hogs were all sold when the mariet closed last night but nineteen car local were reported to sarrive during the packers at yesterday's prices. It would seem that Dold and Cudahy are getting more clean that he wanted over hogs. The shippers want, bgut Cudahy's buyer said last night that he wanted over hogs. The shippers are pelased with the prices they are getting on this market, because they understand that they are getting more clean cash for their bias here than they would bring on any of r market. The top price.

Hog Sales.

By an arrangiment between the packers and commission mon, hogs arriving late in the night are fed, watered and weighed up on arrival and the next morning sold at the previous day's trices. These hogs are considered to the hogs of early early that the would cure on trial. If it succeeds the cost to you. I mean that Dr. Shoop's Rheumatic Cure is a sold at the previous day's wire seed to see they understand that they are getting more clean cash for their bias here than they would bring on any of r market. The top price.

Costs Nothing if it Fails.

Any honest person who suffers from Rheumatism is welcome to this offer. For years I searched everywhere to find a specific for Rheumatism. For nearly 20 years I worked to this end. At last in Germany, my search was rewarded. I found a costly chemical that did not disappoint me as other Rheumatic preccriptions had disappointed physicians everywhere.

I do not mean that Dr. Shoop's Rheumatic Cure can turn bony joints into fiesh again. That is impossible. But it will drive from the blood the poison that causes pain and swelling, and then that is the end of Rheumatism. I know this so well that I will furnish for a full month my Rheumatic Cure on trial. I cannot cure all cases within a month. It would be unreasonable to expect that. But most cases will yield within 20 days. This trial treatment will convince you that Dr. Shoop's Rheumatism—a potent force against disease that is irrespisible.

My offer is made to convince you of my faith. My faith is but the outcome of experience—of actual knowledge. I

Write me and I will send you the book. Try my remedy for a month, for it can't harm you anyway. If it falls the loss is
